

# JB 370-2

## Junction Box for GD 370 and GD 470 Glass Break Detectors

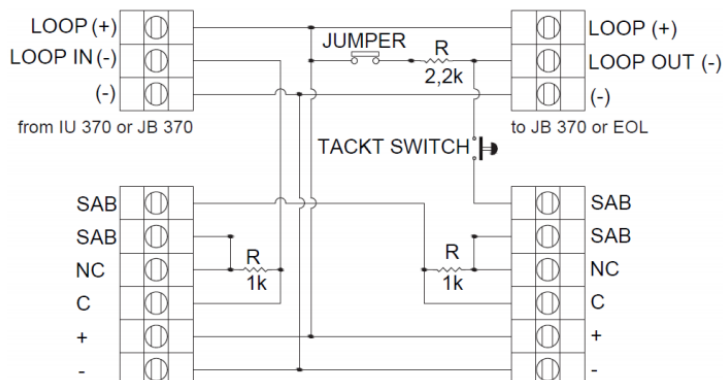

### Technical data

|                           |                 |
|---------------------------|-----------------|
| Contact rating            | 48 VDC / 100 mA |
| Tamper protection         | Yes             |
| Housing material          | ABS Plastic     |
| Colour                    | White           |
| Dimensions (L x W x H) mm | 90 x 66 x 30    |

JB 370-2 is a junction box which simplifies the installation of the GD 370 glass break detector. The junction box connects max 2 GD 370 with IU 370 and/or multiple JB 370/JB 370-2/JB 370-5. JB 370-2 is equipped with a built-in resistor for termination of glass break (optional with jumper). It also has tamper protection.

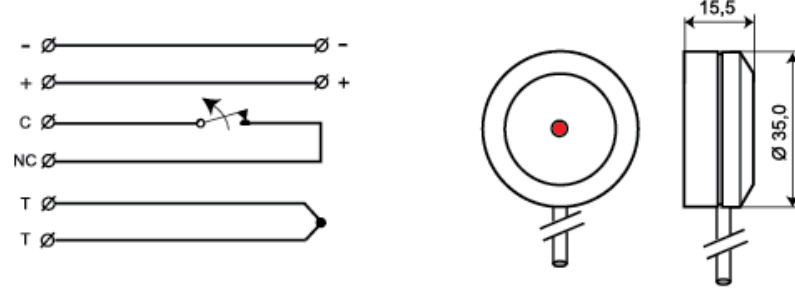

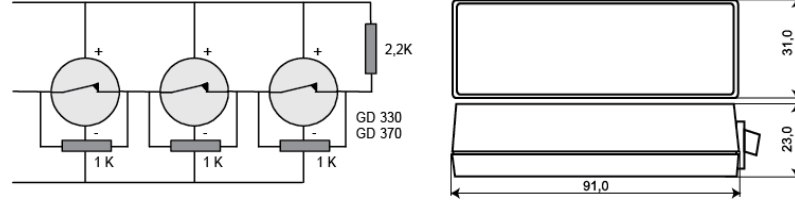

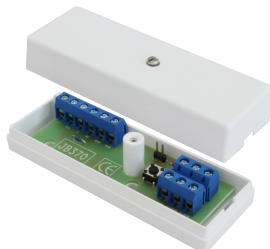

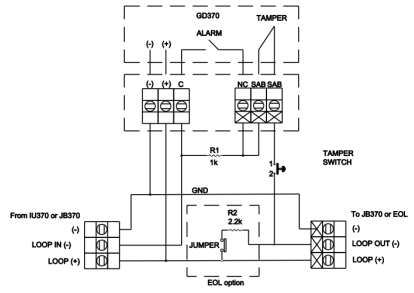

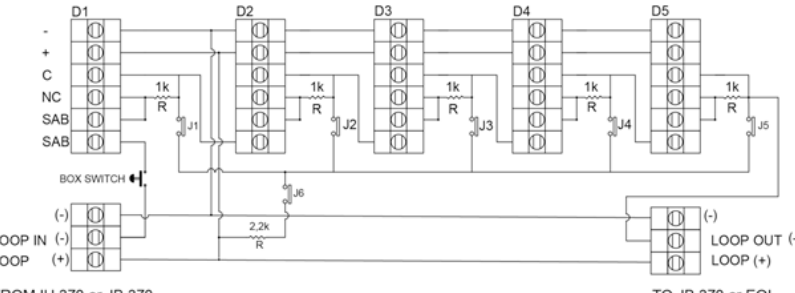

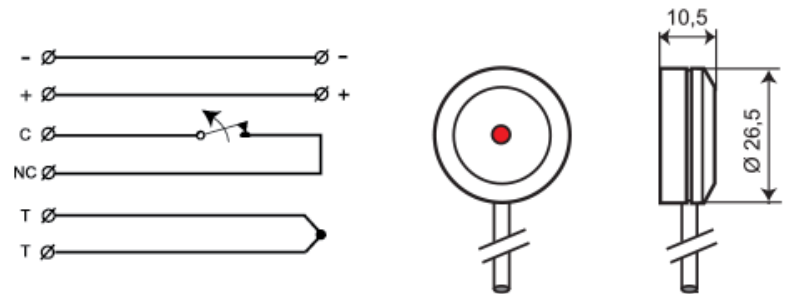

When installing multiple GD 370 in a location which allows for a common junction point JB 370-2 is an excellent choice of junction box.

### ORDERING INFORMATION

| Model  | Description             |
|--------|-------------------------|
| JB 370 | Junction box for GD 370 |
