

# PSV 1265-B1

## Greyline Power supply unit ViP 12 V, 6,5 A DC

### Technical data

|                                      |   |
|--------------------------------------|---|
| Approvals                            | Safety EN 62368-1:2014/AC:2015, EMC EN 61000-6-3, EN 50131-6 Grade 3, EN 50130-5 Class 2, SBSC-Class 2/3, F&P Danmark |
| Supply voltage                       | 230 VAC   |
| Output voltage                       | 12 V, 6,5 A DC  |
| Space for accumulator (not included) | one battery 7Ah, 12Ah or 18Ah   |
| Tamper protection                    | Opening and pry off switches  |
| Housing material                     | Metal   |
| Colour                               | Grey  |
| Dimensions (L x W x H) mm            | 265 x 385 x 115   |
| Grade                                | 3   |

**Greyline** Power supply unit with ViP (Voltage in Parallel) function, 12 V, 6,5 A DC.

Power supply unit with ViP function that can be connected in parallel to provide more power and redundancy and compensate for voltage drop in the cables. Space is provided for one battery of capacity 7Ah, 12Ah or 18Ah in the metal box which also has opening and pry-off switches. The unit is protected against short-circuiting and overload. Mains failure, low output voltage, battery and fuse failure is indicated via LED and activates separate outputs with relays.
