

DL S8

E-NR: 6309997

Coiled Cord Door Loop

DL S8 coiled cord door loop with 8 leads and RJ-45 connector in both ends. The door loop is designed for sliding doors, gates, overhead doors where an extendable cable is needed. DL S8 are a made of PUR material (cable track cables are particularly for continuously flexible use), this makes the door loop more elastic and resistant against sunlight, chemicals, etc. The door loop is available in two sizes, 100 cm and 250 cm (extended length). DL S8 can be used together with JB RJ45.

ADDITIONAL INFORMATION

Longitud (m)	0,5, 1, 2,5
Conexión	RJ 45
Tipo de producto	Material de conexión
Entorno	Interior
Transferencia de marco	Cable en espiral
Línea de productos	Alarmtech
Característica del producto	De superficie
