

MC 746

E-NR: 6332832

Ce produit a été discontinué et remplacé par: [MC 746-E](#)

MC 746 is a small and thin magnetic contact with change-over (NC/NO) function that can be used in both alarm and access control systems for monitoring e.g. doors and windows against unauthorized opening.

Both the contact and the magnet part are in a water proof (IP 67) plastic housing. The small and thin format makes it especially easy to install in limited spaces, e.g. on shutters and drawers.
