

## MC 740-M14

This product has been discontinued and replaced with: [MC 740-E-M14](#)

**E-NR: 6332831**

MC 740P is a small and thin magnetic contact with NC function that can be used in both alarm and access control systems for monitoring e.g. doors and windows against unauthorized opening.

Both the contact and the magnet part are in a water proof (IP 67) plastic housing.

The small and thin format makes it especially easy to install in limited spaces, e.g. on shutters and drawers.
